

# Residential Services

**Our Residential Programs provide a variety of living options within the community, including Individual Supports (less than 24/7), and fully staffed homes (24/7). Our programs include medically intensive services, Alzheimer's care, dual diagnosis, Autism, Dementia and behavioral programs.**

With 17 homes in our Residential Program network, Walnut Street Center services individuals with a range of needs and abilities. An array of leisure and social activities, nutrition and exercise consultation, and support groups are available to all individuals. All services are individualized and person-centered.

### **24-Hour Support**

This model provides private residences integrated within the community that are staffed 24 hours a day. These homes provide supports for multiple adults, each with their own private bedroom.

### **Individual Support**

This model provides case management for persons living independently in the community. The services are catered to the needs of the person. Services include but are not limited to management of medical needs, tenancy issues, benefit coordination and money management.

For more information on our Residential Service Programs, please contact Sherie Pompey, Director of Residential Services by phone at 617.629.3430 or by email [pompeys@wsc.org](mailto:pompeys@wsc.org)
