

# Overview of Services

## RESIDENTIAL SERVICES

### 24-Hour Support

This model provides private residences integrated within the community that are staffed 24 hours a day. These homes provide supports for multiple adults, each with their own private bedroom.

### Individual Support

This model provides case management for persons living independently in the community. The services cater to the needs of the person. Services include but are not limited to management of medical needs, tenancy issues, benefit coordination and money management.

## WSC Key Values

### Rights and Dignity

We encourage individuals in our services to be involved in the planning and implementation of the services.

### Community

WSC supports community membership through relationship building, community partners and active participation in neighborhoods.

### Personal Growth and Accomplishment

WSC promotes personal growth and accomplishment by providing supports that are person-centered and focus on an individual's maximum potential.

### Quality

WSC has ABA/PBS based learning environments, person-centered skills building, community inclusion and state of the art facilities.

## DAY SERVICES

### Day Habilitation

This program provides habilitative medical, therapeutic, and behavioral services to adults with Intellectual Disabilities. Focuses include self-care, sensory/motor development, socialization, daily living skills, communication, community living, and social skills for individuals to maximize their functional independence.

### Community-Based Day Support

Walnut Street Center's Community-Based Day Support Program fosters opportunities for learning, volunteering, and participating in our communities. On-site activities support skill growth and development, with a focus on developing skills that are important to the individual.

**Community-Based Day Support programming can be utilized as an active, educational day program, or as a stepping stone on the path toward employment.**
